

THRIVE EARLY LEARNING APRIL NEWSLETTER

OVERVIEW

This month we celebrated our planet with many Earth Day themed activities. Using various recycled and natural materials we explored the themes of nature and how we can live along and preserve it. Near the end of the month we also celebrated Week of The ECE. Staff want to thank everyone who brought us something in appreciation!

ABECEDARIAN

Going outside offers many great opportunities for conversation about the world around us! Pausing and giving children time to respond allows for growth in language and relationship.

NUTRITION

Spring means that fruits such as rhubarb, strawberries and apricots are now in season! Offering lots of fresh fruits and vegetables gives children the energy to play all day!

"MY SHADOW CAN TOUCH THE CEILING" - CHARLENE

REMINDERS

Please bring a change of clothes daily as well as dress your child/ren for the weather! We go outside in all weather (rain or shine.)

May 19th - CLOSED ALL DAY
May 27th - CLOSED at 3:30
